Objective

Highly motivated B.Tech Computer Science (AI & ML) student with a strong foundation in full-stack web development, software architecture, and problem-solving. Adept at conceptualizing innovative applications and writing clean, efficient code. Seeking an opportunity to leverage technical skills and creative thinking in a dynamic tech environment or internship.

Technical Skills

Programming Languages: JavaScript, Python, C++, PHP, HTML, CSS

Frameworks & Libraries: React Native, Tailwind CSS, Bootstrap, Astro.js, Expo

Databases & Backend: MySQL, Supabase, Firebase

Tools & Services: GetStream, Brevo, Cloudflare Pages

Projects (Independent Developer)

Carissa | Sole Developer & Architect

- Architected a software-only solution designed to turn standard smartphones and smartwatches into medical safety nets and emotional companions for the elderly.
- Designed a comprehensive ecosystem including a mobile application and a companion landing page (deployed via Cloudflare Pages).
- Implemented robust backend services utilizing Supabase for data management, Firebase for push notifications, GetStream for real-time chat, and Brevo for email OTP authentication.
- Developed a "Sandwich" subscription monetization strategy (\$799/month) targeted at adult children and remote patient monitoring insurance frameworks.
- Tech Stack: React Native, JavaScript, Astro.js, Tailwind CSS, Expo, Supabase, Firebase, GetStream, Brevo

Exam System Website | Sole Full-Stack Developer

- Developed a comprehensive online examination platform featuring secure user authentication, timed assessments, and automated grading functionalities.
- Built a responsive, data-driven architecture using PHP and MySQL for backend, ensuring secure and seamless data handling for administrators and students.
- Tech Stack: HTML, CSS, JavaScript, PHP, MySQL, Tailwind CSS

Tour and Travel Website | Sole Front-End Developer

- Built a dynamic travel booking and exploration website to showcase destinations, tour packages, and curated travel itineraries.
- Designed an intuitive and highly responsive user interface utilizing Bootstrap, optimizing the user experience across all devices.
- Tech Stack: HTML, CSS, JavaScript, Bootstrap

Education

Pimpri Chinchwad University, Pune

B.Tech in Computer Science Engineering (AI & ML) | Expected Graduation: 2030

Utkramit Ucch Vidyalaya Sisauni, Bihar

Class 12 (Graduated: 2026)

Delhi Public School Kadirabad, Darbhanga

Class 7th - 10th (Completed Class 10: 2024)

Extracurricular Activities

- **Chess:** Selected to compete in the state-level chess championship representing the Darbhanga district, Bihar.
